

Introduction

Yi-Shin Chen

Institute of Information Systems and Applications

Department of Computer Science

National Tsing Hua University

yishin@gmail.com

About Instructor

陳宜欣 Yi-Shin Chen

▷ Currently

- Associate professor at NTHU CS
- Director of IDEA Lab

▷ Education

- Ph.D. in Computer Science, USC, USA
- M.B.A. in Information Management, NCU, TW
- B.B.A. in Information Management, NCU, TW

▷ Courses (*all in English*)

- Research and Presentation Skills
- Introduction to Database Systems
- Advanced Database Systems
- Data Mining: Concepts, Techniques, and Applications

About Teaching Assistants

- office: Delta 701

General Information

▷ Lectures:

- Wednesdays 13:30PM-15:00PM

▷ The course web page is located

- <http://www.cs.nthu.edu.tw/~yishin/courses/ISA5651/ISA5651-2018.html>

▷ Grading

- Presentation: 20%
- Term Paper : 20%
- Participation: 60%

Letter-based Grades

- ▷ Grades are transformed based on the grading distribution
- ▷ Each grading policy will be based on its corresponding grading distribution

- A+: top 5 % and above 90
- A: top 15 %
- A-: Top 25%
- B+: Top 40%
- B: Top 55 %
- B-: Top 70%
- C+: Top 80%
- C: Top 90%
- C-: Top 95% or original grades above 60
- D/F: Lower Outlier

Course Objectives

- ▷ Discover the challenges while integrating IT to applications
 - Gain the experience from professionals
- ▷ Know what can ISA professionals do
 - Any future challenges will be encountered?
 - Any resource can get?
 - Any possible solution?

Correct Attitude in Classes

▷Respect

- To the speakers
 - Show up on time to listen all the delivered contents before giving criticizes
 - Pay attention to the talk
- To your classmates
 - Maintain an undisturbed environment
- To you
 - Value the chances of learning new information

Presentation (20%)

▷Select any interesting new IT topic to present

- Within 10 minutes
- 5 people/group

Report (20%)

- ▷ Whatever you feel for this course/any talk/any activity
- ▷ Reports are classified into
 - A+: Write something new and touching
 - A: Write something nice
 - A-: Hard working
 - B+: Write something
 - B: No much write-up. Lowest score

9

Participation (60%)

- ▷ There are 11 talks
 - Maximum 60%
 - Each on-time records get 8 %
 - Each in-class question get 2%

10

Participation: Bar Code System

Fall 2017 ISA 5651 Seminar in Information Systems and Applications (September 13, 2017)

Check your Attendance and Submit your Question!

11

Participation: Bar Code System (Contd.)

Fall 2017 ISA 5651 Seminar in Information Systems and Applications (September 13, 2017)
